VEHICLE DETAILS

Years ago, if you wanted an army vehicle you had to get something that had been declared surplus. The introduction of this Hummer changed that notion. While it comes with nicer upholstery and a few more creature comforts than the military Humvee, it is otherwise the same transport made famous throughout the world by TV news coverage of the Gulf War. Under the hood of our 2000 AM General Hummer sits a 6.5L V8 turbocharged diesel powering out 195 horses to the full-time 4WD. Paired with a 4-Speed automatic, this is truly an all-terrain vehicle. This Hummer is capable of crossing streams up to two-and-a-half-feet deep and scaling ledges up to 18 inches high! One of this vehicles original design requirements is a 12-year life span under combat conditions, which should put to rest any concern about this Hummers durability in civilian use. Inside you will find leather upholstery with contrasting piping, audio and climate controls angled to the driver for easy access, power windows and locks, ABS, traction control, and side door impact beams. You know this is an extremely rare find! Do you have what it takes to tame this beast? Print this page and call us Now... We Know You Will Enjoy Your Test Drive Towards Ownership!
